Sub: Approval of alternative procedure for conducting Physical verification of Placement-Reg

Madam/Sir,

As you are aware that entire country is under lock down since 25 March 2020 and movement is severely restricted. Due to restriction on movement, physical verification of placement is not possible during lock-down period and additional another month or two. This may create a situation where in a PIA has done all the work and payments may be held up due to non-completion of physical verification of placements. Some States have requested the Ministry to allow alternative procedure of placement verification through Skype call/video call etc.

The above-mentioned has been considered by the competent authority at MoRD and it has been decided that the skype/video call based physical verification of placements shall be valid from 25th March 2020 till 31st July 2020. However, video recording of the above mentioned verification should be prepared & stored appropriately.

This issues with the approval of competent authority.

Yours faithfully,

Virendra Sharma
Director (Skills)
