The Committee members were of the view that since most of the trades offered by the above PIAs are already being implemented by the current PIAs, there is no scope of mobilisation for the above trades as saturation point has been reached. Moreover, the remaining target of 350 being not very large, it was decided that the same may not be allotted amongst the new PIAs. Instead it would be more appropriate to allot the same to the current good performing PIAs whose track record of commencement and placement is found to be satisfactory. Therefore, it was decided that M/s Assam professional Academy Society Guwahati may be given additional 50 for mason trade and M/S Niam Educational Foundation, New Delhi having its two training
